Dear Hiring Executive,

I am writing to apply for the Software Engineer – 2012 New College Grad position (Job ID: 2350139) at LinkedIn. Based on my education background and professional experience, I believe I am a strong candidate for the position with the exact qualifications you seek.

Your Requirements

BS/MS/PhD in Computer Science

Data structures, algorithms, software design and problem solving

Experience in short-cycle agile development

Experience in data mining and machine learning

Experience in web application development

My Qualifications

Graduating with Master degree from University of Virginia, GPA of 3.9

Completed college curriculum trainings and utilize the knowledge in everyday project development

Conducted research on agile methodologies; team working in tool-supported agile manner

Conducted research projects in data mining area employing machine learning techniques

Built web applications with Java Servlet backend and Javascript/Ajax frontend

Thank you for your consideration. If you would like to discuss further about my qualifications, please feel free to contact me via email at gg5j@virginia.edu or via telephone at (434) 284-0223. I am looking forward to communicating with you.

Sincerely,

Ge Gao.
